Join antiquities curator Benton Kidd to learn about the great cultures of the ancient world including Mesopotamia, Egypt, Greece, Rome, and Byzantium through hands-on experience with ancient objects out of the cases. DIG IT! will meet Mondays from 10am-12pm at the Museum of Art and Archaeology (115 Business Loop) beginning June 4, and concluding July 2. There will NO testing or homework, but rather DIG IT! will emphasize discussion and an interactive experience with actual objects. Topics of discussion will include ancient religion, rituals of death and burial, warfare, and practices of everyday life such as eating/drinking, bathing, and grooming.

DIG IT! is open to high-school students ages 16-18. Please contact Dr. Kidd (kiddjb@missouri.edu) with a short statement of interest. There will be limited space; students will be notified via email following application. The seminar is completely free of charge to participants.

We look forward to seeing you at the Museum!

AWESOME!  AMAZING!  ARCHAEOLOGY!
