

**1060 Classical Mythology
Callaway, Museum Assignment**

**Name:
Student Number:**

20 Points. DUE THURSDAY, NOVEMBER 20, WHEN YOU MUST BE PRESENT TO HAND THIS IN. YOU MUST ATTACH THIS SHEET TO YOUR 1 PAGE TYPED ASSIGNMENT.

Museum Assignment: find a work of art in the Museum of Art and Archaeology (2nd floor, Mizzou North; 115 Business Loop 70W and Garth) with some sort of mythological connection and write a one-page response to it. THIS MUST BE TYPED AND DOUBLE SPACED.

The work of art does NOT have to be classical art or even western. Please do NOT use the casts in the Cast Gallery for this assignment, though. The Museum hours are:

Tuesdays through Fridays 9-4; Saturdays and Sundays noon – 4.

When grading we will look for FIVE major points:

- 1) Name of the work and artist (if known). Supplying all the information on the label is your best bet: we need the date and acquisition number as well.**
- 2) Why you chose this work. (This is personal and there is no right answer).**
- 3) What it has to do with mythology.**
- 4) & 5) Two points that have been covered in class that this art work illustrates. Examples of this would be archetypes, earth mother goddess, religious beliefs or practices, transformation, a specific god or goddess, gods or goddesses in general, comparison of another culture's gods or goddesses. etc., etc.**

Again, don't approach this as if there is a right answer, rather, we want to see how you apply what you have learned about the study of mythology.
